Costa del Sol, La Heredia

Very spacious 2 bed 2 bath apartment in the select complex of La Heredia. Lovely open plan lounge diner and kitchen. From the lounge, there are doors onto a small terrace which has amazing sea views and overlooks one of the pools in the complex. There is a heated pool also which is easy walking distance from the apartment. There are 2 double bedrooms both with double beds and both have en suite facilities. super location for renting short term for holidays, and there is an array of little shops in the entrance square including a very nice coffee shop selling pastries and fresh bread to take away and there is a butches which takes credit for being the best around on the coast for its super quality. Also a good restaurant is and a lively bar which has special events on a Thursday being a quiz night. Such a fun square if you like to socialise after a day in the sun. Please ask for availability if you would like to rent for a short stay.
