The apartment offers a particularly spacious living room, as the old terrace has been incorporated to gain extra space and light. The living room opens onto an additional small terrace, perfect for everyday use. The kitchen is spacious, with good storage space and a separate utility room. In addition, the layout allows for several improvements:

- Possibility of combining the utility room with the kitchen to gain even more space.
- Option to open the kitchen to the living room, integrating the entrance hall and creating a modern and functional open-plan space.

The three bedrooms are exterior, with natural light throughout the day and pleasant views. The master bedroom stands out for its size and southeast orientation, which provides warmth and good ventilation. The bathroom is very spacious, already renovated and with a layout that would even allow it to be divided into two bathrooms, if necessary. It includes an underground parking space and a large storage room (8 m²), ideal for real storage. The development has an elevator, a communal swimming pool open all year round, and landscaped green areas that provide privacy and comfort. The property needs some updating, but it is well maintained and offers many possibilities to adapt it to the buyer's taste. A complete property in a prime location with the potential to become a great home. Come and visit it.
